Campus	Category	Comments
Avery Point	Collections	Make the Library at Avery Point better. Things like more books, and more computers would be nice.
Avery Point	Collections	Avery Point Library must be updated. I used it several times and could not find books to do any research, i.e. Meteorology course and Anthropology course. I had to resort to Groton Library & Conn. College. It would be great if this library became computerized and had more source material.
Avery Point	Communication/ Education	I have no idea what HOMER is. If there is a way to connect to UConn's resources through a home computer it would be nice if someone would tell students.
Avery Point	Computers/ Printers	Make the Library at Avery Point better. Things like more books, and more computers would be nice.
Avery Point	General	When the construction is done, the library at Storrs will be easier to use. I have not yet used the library at Avery Point, since my first semester was at Storrs. It is, however, hard to get to with all the
Avery Point	Environment	One room in the AP library (past the photocopiers) smells very strange. The library is aesthetically boring and drab and badly needs comfortable chairs for reading. At present, I only use the library when I need quiet study space between classes. I do research at local public libraries because I'm more familiar with them.
Avery Point	General	Building a new Library wouldn't hurt.
Avery Point	General	This is my first semester at Avery Point. I am sure I will utilize my resources more as time and my education continues.
Avery Point	General	This library is not convenient for me to use. Therefore, my exposure to it has been limited so I can be a good judge of its pluses and
Avery Point	General	Only used the library once. The library was very knowledgeable and helpful.
Avery Point	General	I only use the library to study and work on homework. I don't really have a direct need for all of the resources. It's a quiet place to work.
Avery Point	Staff	The Avery Point Librarians are very helpful and nice.
Avery Point	Staff	Would it be possible to have a librarian's desk upstairs at the Avery Point Library? It would be very helpful.
Avery Point	SuperHOMER	Avery Point Library must be updated. I used it several times and could not find books to do any research, i.e. Meteorology course and Anthropology course. I had to resort to Groton Library & Conn. College. It would be great if this library became computerized and had more source material.
Hartford	Communication/ Education	Can you connect to the library over the Internet? What can you access? The UCAT and JREF or more?
Hartford	Reserve	Professors put on reserve stay there forever; months later you still can't find them on the shelves.
Hartford	Communication/ Education	Was not aware we had a library.

Hartford	Communication/ Education	The services offered among computers and other things can be very intimidating to some people. If more people knew how to use and understand UCAT etc. then more students would use it, maybe personal library orientation meetings could be set up for interested
Hartford	Computers/ Printers	Need better printers, perhaps laser.
Hartford	Computers/ Printers	Need better printers (laser).
Hartford	General	I don't use the UCONN library because I use one closer in location to my home.
Hartford	General	It is very nice library.
Hartford	General	I have not yet used the library so I do not know how useful and dependent it is.
Hartford	General	I have never had any type of problem with the library. It has been very useful and the stuff is great.
Hartford	General	My classes have not required any use of the library so far. But I assume I will be using the facility in the future.
Hartford	Hours	Library hours should be open later, there should be an area specified for group study so people can speak out loud without disruption.
Hartford	Hours	I use the library in my hometown just because it has better & more convenient hours for a person that has school work and does not really have time to go to the library until later in the evening.
Hartford	Staff	I like the librarians.
Hartford	Study Space	Not enough quiet space to study. Too many people go to the library to talk and eat and its disturbing to those trying to study.
Hartford	Study Space	Library hours should be open later, there should be an area specified for group study so people can speak out loud without disruption.
Stamford	Collections	JREF and UCAT are dated. Stamford does not have some very basic subjects. i.e. lace.
Stamford	Communication/ Public Relations	Students should be able to renew books without necessarily bringing their card in. It can be a hassle for some and only increases wear and tear on books if it is consistently brought back and forth from library to home. Thank you.
Stamford	Communication/ Education	Need additional help how to find information on any topic on Internet.
Stamford	Communication/ Public Relations	The library should definitely be open later and have Saturday hours. I find the fact that it doesn't insulting.
Stamford	Communication/ Public Relations	I want everything in our Stamford library as they have in Storrs.
Stamford	General	I have never used some of the library resources, therefore I cannot comment on its performance.
Stamford	General	Why don't you have an entrance on the second floor.
Stamford	General	I don't really use it that much.
Stamford	General	I wasn't too impressed with the library at Scofieldtown Rd., but this new state of the art library is very nice. I am satisfied.
Stamford	General	Our library really isn't up and running yet, and/or I haven't used any of these things yet either.

Stamford	General	I'm sure this library would be quite useful to me if I did in fact use it but there are more libraries near my home that are more convenient for me to use.
Stamford	HOMER	JREF and UCAT are dated. Stamford does not have some very basic subjects. i.e. lace
Stamford	Hours	The library hours at the Stamford campus are great during the week. But only having it open on Sundays from 1-5pm is very inconvenient.
Stamford	Hours	The library should definitely be open later and have Saturday hours. I find the fact that it doesn't insulting.
Stamford	Photocopiers	I don't think students should pay for copies. It should be included in the tuition.
Stamford	Staff	You have a wonderful library and great librarians. Thank you.
Torrington	Communication/ Education	The fact that Storrs people get 1st priority over JREF, UCAT, and HOMER use isn't very helpful for regional campuses.
Torrington	General	Torrington UCONN library is a wonderful experience.
Torrington	General	This is my first semester here and my review may not be that
Torrington	General	Although I am not dissatisfied with any aspects of the Torrington library, I find it easier to do my work at home or at my town library which is close to my home.
Torrington	Staff	I think the personnel is excellent and friendly and very helpful with my questions and needs as a student.
Torrington	Staff	Sue (Thebarge) our librarian goes above and beyond the call to help whenever she can. She makes an extra effort to get books for me and suggest wonderful topics!!
Waterbury	Collections	The computer catalogs are helpful but we need more of these references in the library instead of having to do interlibrary loan.
Waterbury	Collections	The available texts are very outdated, most I have used are from the late 1960's. More current books would be appreciated.
Waterbury	Reserve	Need more copies of things put on reserve.
Waterbury	SuperHOMER	I wish the computers were more advanced.
Waterbury	Computers/ Printers	Spaces are great, atmosphere great, however, the library computer lab (microlab) really is not very satisfactory and needs to be upgraded!
Waterbury	Environment	I like to hang out in the Library because it's always so nice and quiet and clean.
Waterbury	Environment	Spaces are great, atmosphere great, however, the library computer lab (microlab) really is not very satisfactory and needs to be upgraded!
Waterbury	General	I use the library primarily for studying. When I need resources, I go to my hometown library.
Waterbury	Hours	It would be helpful if the library was opened on Saturdays, and later hours during week days.
Waterbury	Hours	Would be more convenient if open until 9 or 10 at night for those of us who need to study late.
Waterbury	Microtext	Microfilm/fiche machines are very old.
Waterbury	Collections	Waterbury library is very useful for internet access but limited with books.
Waterbury	SuperHOMER	Waterbury library is very useful for internet access but limited with books.
Waterbury	Staff	The staff at the library provide outstanding service to students. They help as much as they can.
